

**VOTE
APRIL 1**

MAGGIE STEARMAN

THE CANDIDATE WHO WILL UPHOLD OUR VALUES

Many candidates say they share our conservative values, only to change and betray them after taking office—often due to lobbyist money. Maggie Stearman is different. **She will refuse all money from the lobbyists and their employers,** keeping intact her commitment to our values and the principles we care about.

MAGGIE STEARMAN: A NEW CONSERVATIVE FIGHTER WHO WILL **ALWAYS** FIGHT FOR OUR VALUES.

DEFENDING INNOCENCE

Maggie, pictured with her husband Dakota, daughter Aspen, and son Clive, a former Oklahoma Court Appointed Special Advocate (CASA) volunteer who has fostered 12 children and attends First Baptist Owasso. A former teacher and coach, she's an energetic fighter. **With the ferocity of a mama bear, Maggie will defend girls' sports, protect our children's innocence, and fight woke ideologues in our schools.** Maggie will lead a new generation of courageous leaders who will defend our values and protect our children.

PROVEN FIGHTER

Before asking for your vote, Maggie Stearman has proven her commitment to conservative values. Pictured above, Maggie is seen registering a new voter in Pennsylvania, where she temporarily relocated during the 2022 election cycle to help turn the tide in that state. In House District 74, she is the candidate boldly **opposing the upcoming State Question that threatens to dismantle Republican primaries.** As the monied left works to undermine Oklahoma's best-in-the-nation election system, we must elect a leader—a proven fighter—with the courage to stand firm.

NOT FOR SALE

Nearly all Republican candidates claim to support the Second Amendment, the right to life, actually shrinking government—not growing it—reducing taxation, and redirecting funds to core priorities like roads. Maggie Stearman does too—but unlike most, she won't be co-opted by special interest money. She will refuse all lobbyist contributions and gifts, which are customarily given to incumbents, to ensure voters know **she is not for sale.** Maggie will stay true to her values after the election. Oh, and she also believes it's time to free the turnpikes!

ADVANCING MAGA

We don't have to guess if Maggie will support President Trump's Make America Great Again agenda—she's already a proven advocate. Maggie has dedicated countless hours to the **advancing of MAGA priorities.** From restoring American health and food freedom to defending God-given parental rights over their children's healthcare, opposing the Biden administration's green energy onslaught wreaking havoc on Oklahoma's countryside, and fighting efforts to grant Oklahoma driver's licenses to illegal invaders, Maggie has always been, and will remain, a leader for us.
